

Letter of Recommendation

To whomsoever it concerns

I am writing this letter to offer my strongest endorsement for Mr. Shree Choudhari, who has applied for admission to the Master's program at your esteemed university.

As the [Deputy General Manager, Launch Management] at Tata Motors Passenger Vehicles Ltd., I have had the pleasure of supervising Shree during his internship from June to August where he worked on the New Model Introduction project (Punch MY24). I am confident that his skills and dedication make him an outstanding candidate for your program.

His curious intellect and strong analytical abilities did not fail to amaze me during his time as a project intern under my guidance. As a student of Mechatronics Engineering, he demonstrated strong proficiency in using a variety of advanced technologies and tools in order to enhance production processes, such as SAP and IPMS. His expertise with Industry 4.0 and fidelity to sustainability reflect the evolving requirements of the industry.

His inquisitiveness to learn new things, even those beyond the in-house facilities at TCF, sets him apart. During his Project he worked with other departments of Tata Motors like (ERC) where he got information of various fields but mainly vehicle integration. In addition to his excellent communication skills at the workplace which was showcased by him by maintaining good relation with other department's and working with others in a team environment which I observed during proving the Vehicle configuration of Project vehicle in which he showcased his positive attitude to support a positive, productive work environment. he has shown excellent team spirit during his stay at the organization His enthusiastic approach and friendly gesture to help others during his tenure with the organization, showcasing leadership quality in him and team spirit. With his dedication and expertise, Shree is poised to become a valuable asset to any company/organization if he joins. I strongly believe that he will become an asset to the institute he is applying for.
